LAKE

Imagine a Lake

imagine a simple barn

no interruption from the social medias we all love

Just silence and calmness

it's so easy to imagine but so hard to achieve

Dimmed colors and Scandinavian design

Our perfect scene for The Autumn collection 2017

The ceramic vases from tinekhome are handmade and also glazed by hand.
This means that they are not 100% waterproof, and we therefore
recommend that the bottom is lined with a small bin or glass vase.

CARE & INFO

How to take good care of our collection, and important information regarding specific items.

CARPETS

FRILL
These carpets are hand-weaved in 100% cotton.
We recommend you to place a nonslip carpet pad underneath.
For indoor use.
//Dry clean only

JUTE
These carpets are hand-weaved in 100% jute. Jute is a hardwearing material produced from vegetable fibers spun into strong threads.
We recommend you to place a nonslip carpet pad underneath.
For indoor use.
Never shake the carpets as this can make the threads brake.
// Dry clean only

CERAMICS

All ceramics are food safe.

DELI / DINE
DELI and DINE ceramics are dishwasher- and microwave safe.
DELIOVEN and DELISQUARE ceramics are furthermore ovenproof.

HAND-PAINTED CERAMICS
Each piece is unique, and small color differences and characteristics appear.
// Dishwasher safe, but the surface will change when using dishwasher.

SERV
SERV ceramics are dishwasher safe.
// Dishwasher safe

GLASS

GLASSWARE
// All small kitchen glassware is dishwasher safe

GLLATTE / GLTEA
Also suitable for hot drinks. To prevent cracking, always wait one minute, or place a metal spoon in the glass before you pour boiled water into it.
// Dishwasher safe

GLCRYSTAL
These glass hurricanes are made of two separate glass pieces glued together.
The bowl is glass blasted while the foot is molded.
Varieties may therefore appear.
Never let the candle burn completely down.
// Hand wash in lukewarm water only

GLASS VASES
// Hand wash only

FLATWARE

All tinekhome stainless steel flatware is dishwasher safe and resists staining.
On occasion a thin film, water spots or light stains may appear due to your water's mineral content. Wipe flatware with a non-abrasive cloth to remove. Use rubbing alcohol or salad oil to remove stubborn spots.
Do not leave stainless flatware wet or immersed in water for a long period of time, as corrosion, pitting or staining can occur.
// Dishwasher safe

FURNITURE

FURNITURE IN BAMBOO - Outdoor use
For outdoor use, the surface may collect mold, but as bamboo is resistant, the mold is only superficial, as the mold will never penetrate inside the bamboo. Mold is very easy to remove from the surface by following below cleaning and washing instructions 1+2. Follow 3+4 for optimum results.

Make sure that your furniture is placed on a dry surface to avoid the legs from absorbing water, and store your bamboo furniture in a dry ventilated environment during the autumn and winter season.

We recommend you to wash outdoor bamboo furniture before every season. Repeat the washing a few times during the season, and do the washing on a sunny day to get the best results.

1) Use a hard cleaning sponge and/or scouring powder with abrasive effect to remove dirt, stains and possible mold.

2) Rinse well with plenty of water to remove all soap and dirt.

3) Spray with a cleaning product containing chlorine, ammonia or vinegar directly on the bamboo, leave it on for a while, rinse well with water and let it dry completely in the sun for optimum results.

4) For extra treatment in the end of the season – before winter storage - we recommend you to treat your bamboo with an anti-mildew and mold detergent. Contact your nearest DIY store for the best exterior wood treatment to avoid fungus and mold in a wet and humid winter climate.

FURNITURE w. removable covers

FURNITURE IN RATTAN
All rattan furniture is made by hand and each piece is unique.

// Use a soft moist cloth and mild soap when cleaning.
Do not use abrasive cleaning products as this will damage the protective coating.

LANTERNS
For safety reasons, we recommend you to light only one candle in the lantern at a time. Never lift lanterns from the top. All lanterns in oxidized brass are for both indoor and outdoor use. The unique material makes them perfect as outdoor lanterns lasting year after year.
All other lanterns are for indoor use only.

MOP - INNER CUSHIONS
// Delicate machine wash 30°

VASES, JARS & POTS

CEVASE / JAR / VASEMAROC / VIETJAR
Our vases and jars in ceramic and clay are handmade and also glazed by hand.
This means that they are not 100% waterproof, and we therefore recommend that the bottom is lined with a small bin or glass vase inside to prevent moist.
// Hand wash only

GLAZE
For large pots, always knock out the pre-shaped wholes in the bottom if you place them outdoor. Please note that we cannot guarantee that they will not crack at very low degrees below -5°.

These pots are handcrafted and may not be 100% waterproof. We recommend felt pads underneath as moisure can appear if pots stands with water for a long time.
