**“If you invest in beauty
it will remain with you
all the days of your life.”**

Frank Lloyd Wright

Located next to the Mediterranean Sea, INCLASS is a dynamic family company founded in the late 1990s and devoted to manufacturing contemporary design furniture. Through local manufacture and a global approach, we create innovative products in collaboration with leading international designers. Products born with the aim of creating inspiring, modern spaces where people can interact, work and live better.

INCLASS range of products is committed to transversality and polyvalence of use, with furniture devised for a variety of both public- and private-use contexts. Our designs are recognized the world over for their essential elegance, pure lines and timeless spirit.

Designed by Simon Pengelly, the Varya collection has its origins in the quest for a universal, versatile, elegant and essential chair. The collection is generated by combining comfortable seats and different metallic or wooden bases. The broad variety of bases, together with the extensive range of available finishes, allows for endless customization possibilities without altering the unique character and timeless spirit of these original chairs designed for inhabiting diverse settings and contexts in spaces for collective use, workspaces or private residences.

The VARYA collection comprises an extensive range of chairs, armchairs, stools and benches. The seat shell is available in thermoplastic in twelve colours and also upholstered in four different ways.

UNNIA is an extensive collection of chairs, armchairs, stools and benches with a unique concept of colour and finish combinations. The design allows plastic or upholstered seats and backrests to be combined, in one or two colours, with a varied range of bases. This makes it possible to configure an endless number of customised designs that adapt to a diversity of contexts, spaces or decorative styles.

The plastic seats and backrests come in twelve combinable colours. In addition to the plastic versions, the collection is completed with the upholstered versions featured in the UNNIA TAPIZ catalogue to form one great family.

The result is a comprehensive and versatile collection characterised by its conceptual purity, its fluid lines and its timeless spirit, but above all by being highly customisable. UNNIA collection have been awarded the prestigious design prize: “Design Guild Mark”.

Designed for use in a variety of spaces and contexts, the UNNIA TAPIZ collection groups together all the versions with upholstered seat and backrest in the UNNIA family. This collection shares the same philosophy as the collection with plastic seats and backrests: the possibility of combining seats, backrests and arms with a broad range of bases to create an endless number of customised designs.

The seats, backrests and arms can be upholstered in all the fabrics and leathers of the INCLASS swatch card or in fabrics supplied by the client. The varied range of bases and structures is available in a wide choice of finishes. This allows for creating an unlimited repertoire of applications in a diversity of projects and spaces. UNNIA collection have been awarded the prestigious design prize: “Design Guild Mark”.

Designed by Yonoh Studio, NIM was born of the quest for a seating collection capable of establishing a dialogue with any space and integrating into it. Wisely modelled, NIM stands out for its enveloping, friendly and elegant design. The use of wood and upholstery outlined with an original edging that contrasts with its contours bring warmth and customisation possibilities to the collection.

The shells are available in oak or beech plywood, lacquered or in upholstered versions. The metallic structures are produced in a 4-leg and rod version. The collection is completed with 2- to 5-seater benches with aluminium feet. Both the shells and the metallic bases are available in a broad range of finishes from the INCLASS sample book.

LAPSE is a comprehensive modular programme that transcends the classic concept of waiting area seating. The broad range of elements and accessories available and the special design of the modules allows endless compositions to be configured, transforming waiting areas into collaborative spaces for interaction. Spaces in which to wait or rest, hold meetings or work in a team in a relaxed atmosphere.

The collection offers a wide range of seating modules, side units and connectivity accessories that can be combined for adapting to each space. The LAPSE programme stands out for the fluid lines of the different elements and the flat backrests, which are rounded at their base to form original contours in their compositions that allow objects to be placed on them or comfortably drape an arm over them while conversing.

The possibilities for customisation, together with an essential and timeless aesthetic, make LAPSE the ideal programme for waiting areas and lounge spaces in public buildings, hotels and offices.

Jorge Pensi has designed the collection LUND looking for a universe clear, honest and full of essential elegance.

A collection which consists of elegant armchairs and sofas that are available with two types of arms and two versions of upholstered bodies. The first combines the upholstery with an enveloping wooden frame in natural oak and the second has a fully upholstered seat. The different arm types, the wooden shell and the upholstery are available in all colors and finishings of the INCLASS swatch cards.

The wide range of finishings together with its balanced and timeless design allow its natural integration in lounge areas, waiting spaces, lobbies and contemporary houses.
